### **PETRON HELPS BEAUTIFY SANDAKAN CITY**

**SANDAKAN, July 1, 2013** – A strong advocate of the environment and community, Petron Malaysia Refining & Marketing Berhad (“Petron Malaysia”), part of Petron Corporation of the Philippines, recently partnered with the Sandakan Municipal Council in a beautification project to enhance the Sandakan roundabout.

“Sandakan is very close to our heart since it has been the home of one of our terminals for over 50 years. Like our neighbors in the community, we care for its welfare and believe that we have an intrinsic responsibility to enable it to grow as our business grows,” Petron said during the cheque presentation ceremony at the Sandakan Municipal Council Office held recently.

“This joint project with the local government and community will help boost Sandakan’s visual appeal as a top tourist destination in Sabah. By helping build a replica of a well-know local plant, the water pitcher in the roundabout, Sandakan will better contribute to Sabah’s unique flora and fauna attractions.”

“We thank the Sandakan Municipal Council for giving us this opportunity to contribute to our community. In the coming years, we look forward to many more projects together,” Petron added.

Since 1960, Petron has operated its Terminal in Sandakan and dutifully ensured Sabah’s supply security. The roundabout project is an on-going beautification and landscaping project of the Sandakan Municipal Council, in partnership with private organizations.
