

Product Data Sheet

PETRON REV-X SYNTHETIC BLEND 10W-40

DESCRIPTION

PETRON REV-X SYNTHETIC BLEND 10W-40 with DC Technology is a premium plus engine oil designed to provide exceptional performance on heavy-duty diesel engines requiring an API CJ-4 quality level.

The Dynamic Cleaning Technology (DC Tech) delivers the leading-edge performance of today's high speed, four-stroke diesel engines even under severe temperature and driving operation.

PROPERTIES

- It provides exceptional protection against corrosive and soot-related wear for longer engine life.
- It has high shear and oxidation stability for efficient engine performance.
- It provides excellent control of piston deposits for enhanced engine cleanliness.
- It highly sustains engine durability on diesel engines with exhaust gas recirculation (EGR), turbocharger, and supercharger.

GRADE

- SAE 10W-40

APPLICATIONS

- Turbocharged or supercharged high performance heavy duty diesel engines operating under both low speed-high load and high speed-high load conditions
- Automotive diesel engines
- Gasoline-engine vehicles requiring API SN quality level

QUALITY LEVELS

It meets the requirements of:

- API CJ-4/SN

AVAILABLE PACKAGES

TYPICAL CHARACTERISTICS

Specific Gravity at 15.6 °C	0.8681
Flash Point, COC, °C	204
Color, ASTM	4.0
Kinematic Viscosity at 40°C, cSt	103.37
Kinematic Viscosity at 100°C, cSt	15.07
Viscosity Index	152
TBN, mg KOH/g	9.69
