

Product Data Sheet

PETRON GEP 80W-90 GL-4

DESCRIPTION

PETRON GEP 80W-90 GL-4 is a multipurpose extreme-pressure gear oil formulated with multifunctional additive system. It is designed to protect gears in automotive vehicles and off-highway equipment such as farm and construction equipment from scuffing and wear. It provides superior lubrication to equipment under light to moderate operating conditions.

PROPERTIES

- Provides better wear protection
- Keeps engine clean through superior control of sludge and deposits
- Promotes extended oil drain characteristics

GRADE

- SAE 80W-90

TYPICAL CHARACTERISTICS

Color, ASTM	2.5
Specific Gravity at 15°C	0.8844
Kinematic Viscosity at 40°C, cSt	159.9
Kinematic Viscosity at 100°C, cSt	15.76
Viscosity Index	101
Flash Point, COC, °C	240

APPLICATION

- Gasoline-powered vehicles

QUALITY LEVEL

- It has the performance profile of:
 - API Service GL-4
