

PETRON Commercial Mogas 95

DESCRIPTION

PETRON COMMERCIAL MOGAS 95 is a regular gasoline formulated with advanced additive technology. It is optimized to provide the needed performance of conventional gasoline engines.

APPLICATION

- Conventional gasoline engines

TYPE/QUALITY LEVEL

- Unleaded Regular 95
- Unleaded EURO 4M (MS 118-3)

AVAILABLE PACKAGE

- Bulk

TYPICAL CHARACTERISTICS

Density at 15°C, kg/L	0.7509
Research Octane Number	95
Color, Visual	Yellow
Copper Corrosion, 3 hrs. at 50°C	1
Distillation, °C	
Initial Boiling Point	32
10% Recovery	53
50% Recovery	89
90% Recovery	144
Final Boiling Point	179
Dry Vapor Pressure Equivalent at 37.8°C, kPa	61.7
Sulfur, mg/kg	3
Benzene, vol%	2.5
